Alcohol Policy for High School Seniors on UNIV Trip

High school seniors who are at least 18 years old may consume alcohol during the trip if they have written permission from their parents. By consumption we mean having a moderate amount of alcohol up to once/day in the presence of an adult staff member (e.g. a glass of wine during the main meal). No one under the age of 18 may consume alcohol during the trip.

At no time will students be allowed to purchase alcohol on their own or to consume it without a staff member being present.

Students and parents should know that not abiding by this policy constitutes grounds for being sent home immediately.

If parents do not want their sons to consume alcohol during the trip, they should make this known to the directors of the trip. The directors will honor whatever the parents decide.
